A Wholly Owned Subsidiary of **MPI** CORPORATION

LAB | EXTREME TEMPERATURE | WLR | WLBI | PARAMETRIC

## TV19 VERSATILE<sup>TM</sup>

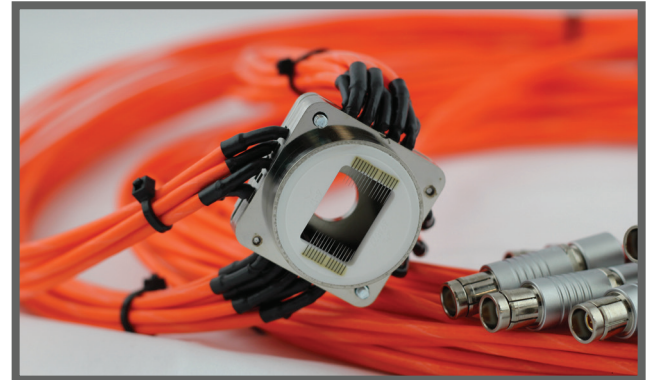

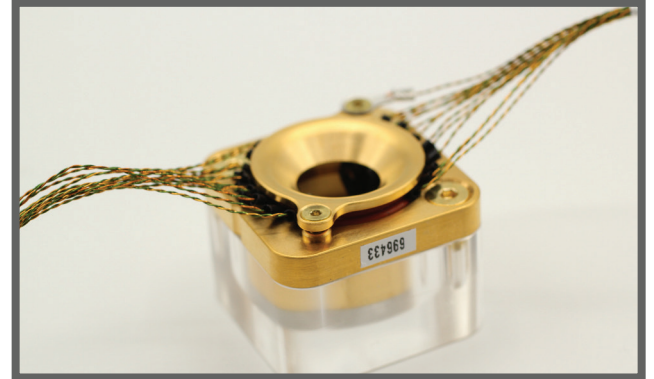

**Universal Solution – 19mm ceramic probe card with cable-out connectors**

### PRODUCT OVERVIEW

- Mechanical Interface: 4.5" PCH or Standard Positioner – custom fixtures supplied as needed
- Temperature Options: sub 2K – 300C
- Max Channel Count: 32
- Voltage Rating: DC – 200V Standard
- Electrical Termination: Cable-out

### KEY DIFFERENTIATORS

- Can be mounted in either single-site or multi-site configurations on any standard 4.5" PCH, micro positioner, or custom interface
- Proven stability across extreme temperatures and challenging test conditions
- Exceptional probe card lifetime designed for durability and repeatability, resulting in lower total cost of ownership
- Compatible with both look-down and look-up optical alignment systems
